WELCOME TO GAME ENGINEERING

GAME Engineering is proud of its reputation as a market leader in providing a wide range of security doors, gates, windows, grilles and furniture to the prison service. Since its formation in 1999, we have manufactured products to our own unique design and specifications at our factory in Lincolnshire.

We are now pleased to offer a range of robust stainless steel and solid resin custodial sanitary ware that is environmentally secure, anti-ligature and vandal-resistant. We can also provide a full design and fitting service including lighting, electrics, vinyl or resin flooring and white rock walls - all undertaken by our enhanced and CTC cleared engineers.

More details can be found in this brochure, and we are delighted to have created a range of products and solutions for your needs both now and in the future.

We are confident we can provide the best solution to your sanitary ware and washroom needs. All our products are competitively priced so call us today for a quote and to discuss how we can help you.

STAINLESS STEEL SANITARY WARE

WE HAVE DEVELOPED A RANGE OF ROBUST STAINLESS STEEL SANITARY WARE, TAKING STANDARD ITEMS AND ADDING CONCEALED REINFORCEMENT. ALL PRODUCTS ARE MADE FROM 304 GRADE STAINLESS STEEL IN A SATIN FINISH.

Wall Mounted Basin

WIDTH	HEIGHT	DEPTH
360mm	250mm	355mm

- Round, conical shape ensures easy and quick cleaning
- Tap holes on request
- Thickness 0.9mm steel

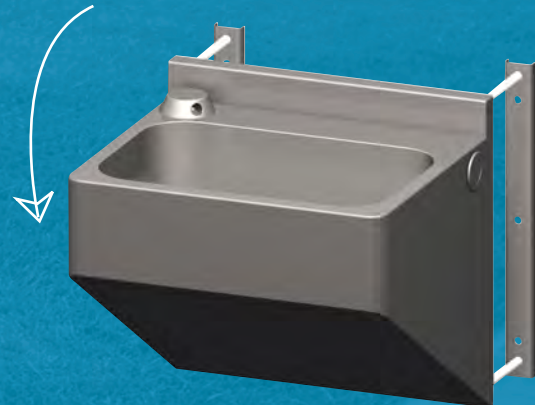

Secure Washbasin

WIDTH	HEIGHT	DEPTH
450mm	406mm	350mm

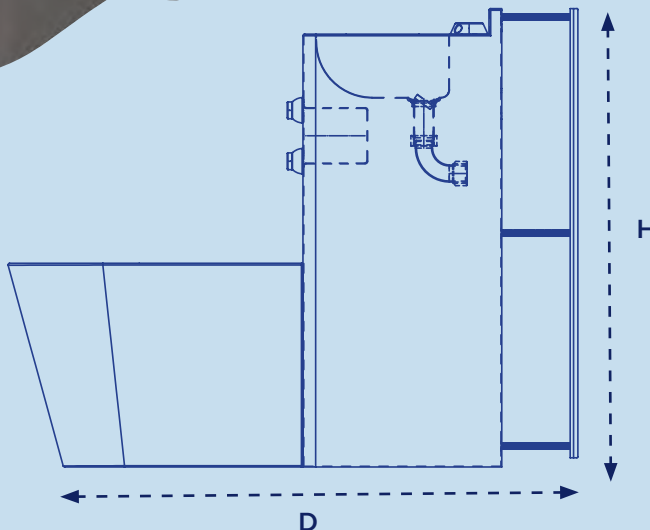

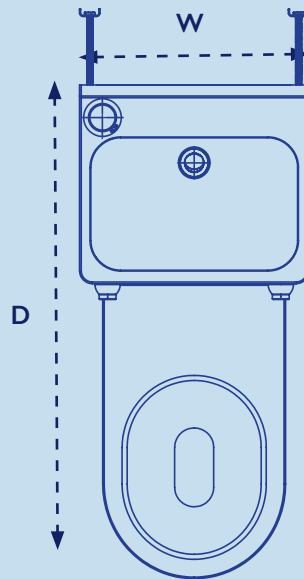

- Fully shrouded robust washbasin with rounded corners
- Anti-ligature taps and spouts
- Fully welded, enclosed shroud available in either duct or front fixing via access panel with security fixings
- Thickness 0.9 and 1.2mm steel

Stainless steel sanitary ware is ideal for cells where a robust solution is required

STAINLESS STEEL SANITARY WARE

Combination WC and Washbasin

WIDTH	HEIGHT	DEPTH
450mm	900mm	390mm

- Compact washbasin and WC combination
- Available as floor mounted or wall hung options
- Ideal for duct wall installations so pipework is completely concealed
- With recessed toilet roll holder
- WC pan is completely welded to washbasin and can be centre, left or right to suit the room
- Washbasin equipped with stainless steel tamper proof push-button and anti-blocking system taps
- Thickness 1.5 and 2.0mm steel

“GAME Engineering replaced cell furniture that had been vandalized. They were very efficient and completed an excellent job in super quick time. We'll definitely be using them when we need more cell furniture in the future.

Facilities Manager,
HM Prison Service

Back to Wall Shrouded WC Pan

WIDTH	HEIGHT	DEPTH
360mm	400mm	580mm

- With anti-vandal shroud and rear inlet 'P' trap
