PRISON APPROVED SECURITY ENGINEERS

## ABOUT US

We have 30 years of engineering experience and have used this to provide an unrivalled service to our customers. We are a Ministry of Justice and NOMS (National Offenders Management Service) approved supplier and are proud to be the market leader in providing security doors, gates, windows, grilles and custom products to the Prison Service. Located in Lincolnshire, we are close to all major transport links and therefore offer our services both locally, nationally and internationally.

## EXPERIENCED BRITISH ENGINEERING COMPANY

We are fully accredited by key leading organisations shown overleaf, and provide a reliable, versatile and cost effective service, with an unrivalled understanding of what is required from this hugely regulated industry. Our decades of experience can be seen in the strength of our products and systems. We pride ourselves on honesty, reliability and trust which has helped us to build the strong reputation we have today.

## OUR OVERSEAS EXPERIENCE

As well as our extensive experience and expertise in prison approved security, we have undertaken many international projects to date. Our latest task involved working with the Falkland Island Government to develop a secure modular unit, offering an extension to their existing provision. We have also worked with the Irish Prison Service providing physical security systems.

### WHY CHOOSE GAME?

At GAME Engineering you benefit from a state of the art CAD design centre, which is continually upgraded to ensure that clients always get the very latest design techniques, including 3D design. Our designers are highly qualified technical engineers with considerable experience gained from a variety of industrial backgrounds.

We have the in-house capabilities to provide design services ranging from one-off pieces to complete new builds.

We are able to offer assistance and guidance with:

- Consultancy
- Product Development & Delivery
- Complete Engineering Services
- Concept & Feasibility Studies
- Manufacture, Assembly & Testing
- Installation & Commissioning
- Site Management
- Our project managers are highly experienced and qualified at managing projects ranging from under £20k to £3m+.

Combine this with our experience of the security industry and using our own installation teams, will give you peace of mind with projects delivered on time and on budget.

PRISON APPROVED SECURITY ENGINEERS

## AT GAME ENGINEERING WE CAN OFFER YOU:

- A high level of security – we are recommended by the Home Office (MOI equivalent).
- Professional and reliable staff – Enhanced and counter terrorism cleared engineers.
- Personalised, bespoke service – our specialist engineers can recommend the best solution for your needs.
- A dedicated project engineer to ensure your project is completed on time and within budget.
- We can install in situ, or for overseas projects, can train your team and project manage your local workforce.
- Full accreditation by leading organisations to give you peace of mind.

**“** GAME Security Engineering completed an excellent job, with the works coming in on budget and completed within the agreed time frame. They were thorough, offering expert advice along the way. We were provided with a modern aesthetically pleasing solution whilst still maintaining the highest security and environmental properties required on the project. **”**

Kier Construction's Site Manager on completion of secure curtain walling screens at Young Offenders Centre

**“** We needed windows and doors for HMP Parc that were reliable, cost-effective and versatile. Having used GAME Security Engineering in the past for window refurbishment at HMP Swansea, and new grilles and doors at HMP Cardiff, I had no hesitation in approaching them again. Their specialist knowledge and efficient delivery and installation was exactly what we needed and I would recommend them to anyone looking for security metal work. **”**

Project Manager,  
Galliford Try Construction.
