PRODUCTS FOR USE IN MINISTRY OF JUSTICE  
ESTABLISHMENTS FOR 20 YEARS

## TRESPA®

TRESPA® FURNITURE – DESIGNED, MANUFACTURED  
AND INSTALLED BY GAME ENGINEERING

1. From delivery of the raw material

2. It is cut to size on a panel saw

3. Our compressed air lifting machine  
then lifts the cut TRESPA® onto the  
Masterwood Project 250 CNC

4. Once in place, the machine cuts  
all the shapes, holes and finishes into  
the TRESPA® - accurate to 1/10th of a  
millimetre

5. Then the security machine screws  
are fitted by hand into the HeleCoils

6. The TRESPA® is then ready in kit  
form for assembly on site
